

THE WHITE HOUSE  
WASHINGTON

May 26, 1994

Mr. Lawrence Savell  
401 West 56th Street  
New York, NY 10019

Dear Mr. Savell:

I regretfully inform you that it will not be possible to grant your request for an interview with President Clinton at this time. Although your request is important, the requests are simply too numerous for the President to fill them all. The President continues to have an interest in automobiles therefore your letter will remain on file with our office for consideration in the future.

The Administration appreciates your support for the President and for his efforts to make government work for all Americans. Thank you for your time.

Sincerely,

Jeff Eller
